By Collin Kofroth

Here is a L^AT_EX template for your homework, if you feel so inclined to use it.

Exercise 3.15

- (a) Put part a here.
- (b) Put part b here.

Solution to Exercise (3.15a): Put a solution here. □

Solution to Exercise (3.15b): Maybe we need an intermediate lemma.

Lemma. *Put the lemma here.*

Proof of Lemma. Prove the lemma. □

See the included packages to view the commands for theorem (“Th”), proposition (“prop”), etc. Now, you can continue with your solution of Exercise 3.15b. Cool, proof complete. □
